## **DETAILED ACTION**

### ***Drawings***

1. Figure 1-4 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawing sheets are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 39 and 40 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01. The omitted elements are: The structure "H2" and "G2" are not clear in the claims.

4. Claims 43-52 and 55-58 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

5. Claim 43 recites the limitation "the high temperature heat exchanger" in line 2. There is insufficient antecedent basis for this limitation in the claim.

Art Unit: 3744

6. Claim 45 recites the limitation "the low temperature heat exchanger" in line 2. There is insufficient antecedent basis for this limitation in the claim.

7. Claim 55 recites the limitation "the low stage generator" in line 2. There is insufficient antecedent basis for this limitation in the claim.

***Specification***

8. Claim 50 is objected to because of the following informalities: "a mechanical valve" in the claim 50 probably should be "an orifice". Appropriate verification and correction are required.

***Allowable Subject Matter***

9. Claims 37,38,41,42,53 and 54 are allowed.

10. Claims 39 and 40 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

11. Claims 43-52 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
